GUIDING PRINCIPLES

GIVING HOPE & INSPIRING CARING ACTIONS

We must give **hope** to our students, families, and to each other. In this period of uncertainty, we bring hope to our students to help them achieve their goals as they in turn give us hope as the future leaders of our world.

Every household in our community has experienced great changes and transitions. Some have lost family members, many have lost employment and so many relationships need to be nurtured. We must **inspire caring actions** and compassion for each other. Acts of kindness helps fortify our homes, our schools, and our community and serves as a bridge between hope and togetherness.

WORKING TOGETHER: HEALTH & SAFETY FOR OUR COMMUNITY

Our highest priority is our community's **health and safety**. We have a responsibility to provide a quality education for all of our students and we aim to maximize in-person, on-campus instruction while working within the guidelines and recommendations established by the State of Hawaii Department of Health (DOH) and the Centers for Disease Control and Prevention (CDC).

There are health and safety risks associated with in-person instruction, regardless of the measures we all put into place.

Our healthy and safety measures include:

- Frequent Hand Washing and/or Sanitizing: Hand-washing or sanitizing stations will be available at the entrances of school, near or inside of classrooms, and in all meeting areas (e.g. library, dining hall, offices). All students and staff should wash or sanitize their hands frequently, including upon arrival, before and after meals, after bathroom use, after coughing or sneezing, in between classes, and before dismissal.
- Wearing a Face Covering/Mask: Face coverings for adults and students must be worn
 when outside the classroom (e.g., moving from class to class, to an office, the library, or
 locker room) especially when physical distancing is difficult. We encourage masks to be
 worn as much as possible. There may be special considerations for students for whom it
 is not safe to do so due to age, medical condition, or other circumstances. Please be
 advised that face shields do not replace face coverings/masks.

- Social and Physical distancing: On-campus learning environments will account for social and physical distancing and movement on campus will be planned to reduce the mixing of students whenever possible.
- **Enhanced cleaning schedule:** Daily cleaning practices will be augmented with special attention paid to the cleaning of high touch surfaces.
- Cafeteria food service, recesses, and transitions: Modifications will be made to increase safer physical and social distancing practices.
- **Social emotional well-being:** Greater attention to student social emotional well-being will be emphasized to meet our students' mental health needs.
- Screening for Potential Illness: Schools may screen employees, students and visitors for overt signs of illness. The purpose of screening would be for general symptoms of illness. Students with a fever will be removed from their class and parents/guardians will be contacted to arrange pick-up.

Symptom checklist:

- feverish or unusually warm (has flushed cheeks)
- coughing/sneezing
- sore throat
- shortness of breath/difficulty breathing
- headache/stomach ache/nausea
- o muscle pain/unusual fatigue
- o new loss of taste or smell
- **Signage:** Use of signage to visually reinforce health and safety measures.
- **Field Trips:** Student travel off-site during the school day and to off-island destinations will not be allowed until further notice.
- **Shared use:** Discourage the sharing of items, school supplies, snacks, and personal belongings
- Assemblies, Events, and Large Gatherings: We will comply with DOH and DOE guidelines issued for large gatherings.
- Visitors: All visitors to campus may be screened upon arrival. We will limit nonessential
 visitors, volunteers, and activities involving external groups and organizations on school
 campuses. Provisions will not apply to parents/guardians picking up their children for
 regular daily pickup.

WORKING TOGETHER: FAMILY & COMMUNITY EXPECTATIONS

We all play an integral role in supporting healthy and safe choices in our communities. As we work together as an `ohana, we ask for your support to abide by these expectations:

- Stay Home if Sick: It is important for everyone to stay home when they are feeling ill. If your child is sick, you are expected to keep your child at home from school. Watch for fever, cough and other symptoms and consider seeking advice from a medical professional when your child is sick. If a student is sent home due to any illness symptom other than a respiratory illness or influenza, he/she should be excluded from school until fever-free for at least 24 hours without the use of medication.
- Stay Home if Exposed: If anyone in your household is notified by DOH that you were in contact with an individual infected with COVID-19, you are asked to notify our school office. We may ask you to keep your child at home from school for 14 days. Your child will be able to continue learning via distance learning.
- COVID-19 Notification: If your child or someone in your household tests positive for COVID-19, you must notify our school office as soon as possible. Likewise, if we become aware of a confirmed active COVID-19 within our school community, we will inform you per DOH and DOE guidelines.
- **Hand Hygiene:** Practice good hygiene practices at home and reinforce the importance of washing hands often with soap and water for at least 20 seconds. When out in the community we encourage the use of hand sanitizer with at least 60% alcohol.
- Travel: If your child has traveled outside our state, your child is required to follow the
 State of Hawaii quarantine orders and you are responsible for notifying our school. If
 your child has traveled outside the State and has been in contact with anyone who has
 tested positive for COVID-19, you must keep your child at home for 14 days. Your child
 will be able to continue learning via distance learning.

KAISER COMPLEX SCHOOL SCHEDULES

ELEMENTARY SCHOOL SCHEDULE

Every elementary school in our complex is a little different and therefore school schedules may differ. Please refer to each elementary school for more information
