EXPLANATION OF SCREENING (As Assigned Above):

Our teachers and staff want your child to succeed. We are committed to providing the most positive and successful learning experiences that will assist your child to develop to be the best that he/she can be. To accomplish this goal, your child will be screened by a team of educators to discover his/her strengths and needs. This will aid us in planning appropriate educational programs for your child.

There will be four days of screening from which you have been assigned one day and time above. Screening is followed by four shortened days to orient students to the kindergarten program. These abbreviated days should aid in our new kindergartners' adjustment to school.

Your child has been assigned a date and time for screening as indicated above. If you are not able to keep your screening appointment once assigned, please call the school office to reschedule. Phone: 377-2419.

The screening will be held in the school library. It should take approximately 30 minutes or more depending on the amount of time your child will require to complete the process. Parents may wait in the library for their child's screening to end.

CLASSROOM ASSIGNMENTS:

Posted on the mauka office bulletin board after 4:00 on the last day of screening. You may also leave an email address with our office and we will be happy to send your child's room assignment to you via email.
