

Old Eyeglasses? Don't throw them away...Donate Today!

Share the gift of sight by donating your unused prescription and nonprescription eyeglasses.

Children's eyeglasses are in great need.

Bring your eyeglasses to the office during the month of January.

Recycled glasses can mean:

- the chance to work and support a family
- the chance to read a book or the newspaper
- the chance to see a loved one for the first time

Your donated glasses will be given to the Koko Head Lions.

They will:

- clean the glasses
- pack the glasses for distribution worldwide

The Koko Head Lions are individuals who together, give their time and efforts to improving their community, and the world. If you are an adult or student interested in their eyeglass recycling project, vision screening, hearing screening or other service projects, please contact Renee Ako, PCNC: Renee.Ako@k12.hi.us or (808) 377-2419.
